**Career Status Selection Board**

The following is the substance of DA MSG P171620Z Aug 78 from PP&TO:

1. A board of officers will convene UP AR 135-215 and AR 601-100 to recommend reserve officers for commissioning in the JAGC Regular Army or for retention on active duty in a voluntary-indefinite status. The Board will convene on 29 November 1978. Applications must be received at HQDA by 22 November 1978.

2. The Board will consider applications from officers who are not graduates of the JAGC excess leave or funded legal education programs. Applicants must have served at least two years of active duty as a JAGC officer by the date the board convenes. Officers whose applications have been disapproved by two previous selection boards are not eligible for consideration. A previous deferral of an application is not a disapproval. Officers whose applications were previously deferred must submit another application to be considered.

3. Applications will be submitted by military letter through and indorsed by the SJA or commander concerned to HQDA (DAJA-PT). Applications for RA appointment must be sub-

mitted on DA Form 61, and must contain a statement signed by the applicant that he/she meets the weight standards in AR 600-9. No other documents are required. Applicants should insure that personnel files contain current photographs.

4. Officers applying for RA appointment who are not selected will be considered for voluntary-indefinite status if they are not serving in that status.

5. Because of limitations placed upon the size of the JAGC, certain year groups are over-strength. The competition for career status is

keen, but there will be vacancies for highly qualified officers.

6. An officer evaluation report is required for regular Army applications if the applicant has completed less than five years active commissioned service in the Army and has received no report during the 30-day period immediately preceding the date of application (para. 2-21, AR 623-105).

7. Letters of recommendation and indorsements are appropriate, but should be brief and factual.
